Certification request for **Elo-Backpack**

Certification request has been Certified.

Certification Request Id:	10478
Device Manufacturer:	Elo
Device Model:	Android 2.0 Series
Device Int. Model:	Backpack

Test Result Details:

Agent Connection Settings	
Schedule Connection	Passed
Persistance Connection	Passed
Manual Connection	Passed
Agent Support Tab	
Terms and Conditions Accptance Date	Passed
Support Phone Number	Passed
Support Email Address	Passed
Company's Name	Passed
Agent Upgrade	
Upgrade Agent to Latest Version	Passed
Agent Presistency	
Agent Presistency after Enterprise Reset (Zebra, Motorola)	N/A
Alerts	
Device Status & Custom Data Alerts	Passed
Device Event Alerts	Passed
Antivirus	
Quarantine Scan Schedule	Passed
Quarantine Affected Files	Passed
Find Affected Files	Passed
Deleted Quarantined Files	Passed
Antivirus Scan Schedule	Passed
APN	
Random APN settings	N/A
APN settings matching the SIM card	N/A
Application Catalog	
Number/status of Applications in Based on Application Catalog Updates (Installing apps/Uninstalling apps)	Passed
Application Catalog Settings Sort	Passed
Application Catalog Settings Filter	Passed
Application Catalog for Google Play Store apps with suggested apps option	Passed
Application Catalog for Google Play Store apps with mandatory apps option	Passed
Application Catalog for Enterprise apps with suggested apps option	Passed
Application Catalog for Enterprise apps with mandatory apps option	Passed
Authentication	
Device Policy Screen Timeout - 15 Seconds	Passed
Device Policy Screen Timeout - 10 Minutes	Passed
Device Password History	Passed
Device Administrator Password + User Password With Password Strength as PIN	Passed
Device Administrator Password + User Password With Password Strength as Pattern	Passed
Device Administrator Password + User Password With Password Strength as Alphanumeric	Passed
Device Administrator Password + User Password With Password Strength as Alphabetic	Passed
Device Administrator Password	Passed
Bookmark	
URL	N/A
Name	N/A
Icon	N/A
Certificates	
Revoke User Certificates (via template)	N/A
Renew User Certificates (via template)	Passed
Installing Certificates Configured Using Template	Passed
Configure Certificates by Uploading Directly	Passed
Certificates Installed	Passed
Content Library	
Shared File Between Rules	Passed
Rule Overriding Files Properties	Passed
File Versions	Passed
Expired Files Not Shown	Passed
Download One Files	Passed
Download All Files	Passed
Deliver by Push	Passed
Deliver by Demand	Passed
Delete One Files	Passed
Content Library Sort	Passed
Content Library Filter	Passed
Category Filtering on Folder	Passed
Custom Attributes	
Custom Attributes With Data Type - Text	Passed
Custom Attributes With Data Type - Numeric	Passed
Custom Attributes With Data Type - Enumerator	Passed
Custom Attributes With Data Type - Date	Passed

Custom Attributes With Data Type - Boolean	Passed
Custom Data	
Updated Values Being Reflected on Colnsole	Passed
Create Custom Data With .XML File	Passed
Create Custom Data With .INI File	Passed
Data Collection	
Data Collection From .XML File	Passed
Data Collection From .INI File	Passed
Device Action's Options	
Wipe	Passed
View Log File	Passed
Update Virus Definitions	Passed
Turnoff / Suspend	Passed
Soft Reset	Passed
Scan for Virus	Passed
Reset Passcode	N/A
Lock Device	Passed
Disable Passcode Lock	Passed
Device Applications Run Control	
Whitelist Applications Based on Bundle IDs	Passed
Disable system applications (Browser, Google Play, Settings)	Passed
Disable Applications' Installation when Blacklist is Applied	Passed
BlackList Applications Based on Bundle IDs	Passed
Device Feature Control - DFC	
Prevent Uninstallation of Apps	N/A
Enforce GPS Availablity	N/A
Disable Wifi Profiles	Passed
Disable Voice Dialer	N/A
Disable USB Tethering	N/A
Disable USB On the Go	N/A
Disable USB Media Player	N/A
Disable USB Mass Storage	N/A
Disable USB Debugging	Passed
Disable Tethering	N/A
Disable SD Card Access	Passed
Disable Screen Capture	N/A
Disable Roaming Data Usage	N/A
Disable Removal of MobiControl Agent	Passed
Disable Prompt for Credentials	N/A
Disable Portable WiFi Hotspot	Passed
Disable Outgoing SMS Messages	N/A
Disable Outgoing MMS Messages	N/A
Disable Outgoing Calls Via Bluetooth	N/A
Disable OS Upgrade	N/A
Disable NFC	N/A
Disable Multi-User Control	N/A
Disable Multi Window	N/A
Disable Microphone	N/A
Disable Kies	N/A
Disable Installation Form Unknown Sources	Passed
Disable Incoming SMS Messages	N/A
Disable Incoming MMS Messages	N/A
Disable Home Key	N/A
Disable GPS Mock Locations	Passed
Disable Google Backup	Passed
Disable Factory Reset	N/A
Disable Clipboard	Passed
Disable Changes to Battery Settings	N/A
Disable Cellular Data	N/A
Disable Camera	N/A
Disable Bluetooth Tethering	N/A
Disable Bluetooth Pairing	Passed
Disable Bluetooth Discoverable Mode	Passed
Disable Bluetooth Desktop Pairing	Passed
Disable Bluetooth Data Transfer	N/A
Disable Bluetooth	Passed
Disable Background Data	N/A
Disable Addition of New Email Accounts	N/A
Device Location	
Track Device	Passed
Locate Device	Passed
Device Relocation	
Relocate Device Based on IP Address	Passed
Relocate Device Based on Custom Data	Passed
Profiles Pushed to Device After Relocation	Passed
Deviec Out of Contact	
Action Executed When Device Lost Connection After Configured Time	Passed
Doze Mode	
Device Keeps Connected After Enabling Battery Optimization	N/A
Device Keeps Connected	N/A
Emails Control and Configurations	
POP	N/A
Nitrodesk	N/A
IMAP	N/A
Exchange with Certificate	N/A
Exchange	N/A
Enrollment	

Single Sign On Enrollment	N/A
Enrollment with Terms and Conditions	Passed
Enrollment with IP Address	Passed
Enrollment with Invalid Enrollment ID	Passed
Enrollment with Host-name	Passed
Enrollment with Credentials - Valid Passowrd	Passed
Enrollment with Credentials - Invalid Passowrd	Passed
Enrollment Using MCSETUP.INI	Passed
Enrollment using MACROS (Device Name)	Passed
Clean Enrollment	Passed
File Encryption	
Internal Encryption	N/A
Internal and External Encryption	N/A
External Encryption	N/A
Encryption Notification	N/A
File Sync - Download	
File Sync with Sub-Folders Option	Passed
File Sync with Device Tree-path Option	Passed
File Sync with Device ID Option	Passed
File Sync Only Transmit File/s When Files are Different	Passed
File Sync from Server to Devices with Scripts Before and After Sync	Passed
File Sync from Server to Devices	Passed
File sync Delete Un-Match Files/Folders	Passed
File Sync - Upload	
File Sync with Sub-Folders Option	Passed
File Sync with Device Tree-path Option	Passed
File Sync with Device ID Option	Passed
File sync with Delete File Sources After Sync	Passed
File Sync Only Transmit File/s When Files are Different	Passed
File Sync from Devices to Server with Scripts Before and After Sync	Passed
File Sync from Devices to Server	Passed
Lockdown	
Set Device Language to Invalid Vlaue (ex. "qwer1@") Not Crashing MC-App	Passed
Set Device Language to French From Lockdown Screen (setlocale://FR)	Passed
Set Device Language to Epanish (country+region) From Lockdown Screen (setlocale://es-ES)	Passed
Open a File from the Kiosk Screen	Passed
Lockdown with surf, intent, action, script items	Passed
Lockdown with Movie, Dial, Launch, Launchalways items	Passed
Lockdown with File, https, https, browser, browsers items	Passed
Lockdown Screen Rotation	Passed
Lockdown Applied with Macros Shown Based on Custom Attributes	Passed
Lockdown Applied with Macros Shown	Passed
Lockdown Applied with Hide Status-bar Option	N/A
Lockdown Applied with Disable Settings changes option	N/A
Lockdown Applied with Disable Satus-bar Expansion option	N/A
Lockdown Applied with Disable Multi-Window Option	Passed
Lockdown Applied with Auto Launch of Website/Application	Passed
Lockdown (samsung package disabling) Applied	N/A
Lockdown (package blocking) Applied	Passed
Lockdown (activity Suppression method) Applied	Passed
Launch Applications Based on Package ID from the Kiosk Screen	Passed
Execute Action from the Kiosk Screen	Passed
Enter and Exit Admin Mode While Lockdown Applied	Passed
Dial a Number from the Kiosk Screen	N/A
Macros Support	
TMP - %TMP%	Passed
SITENAME - %MCSITENAME%	Passed
SHAREDDATA - %SHAREDDATA%	Passed
SERIALNUMBER - %SERIALNUM%	Passed
SDCARD - %SDCARD%	Passed
PROMPT - %PROMPT%	N/A
PLATFORM - %PLATFORM%	Passed
PHONENUMBER - %PHONENUMBER%	N/A
PERSONALIZED_DEVICE_NAME - %PERSONALIZED_DEVICE_NAME%	Passed
MODEL - %MODEL%	Passed
MANUFACTURER - %MANUFACTURER%	Passed
MAC - %MAC%	Passed
LOGPATH - %LOGPATH%	Passed
KIOSKDATA - %KIOSKDATA%	Passed
IP - %IP%	Passed
IMSI - %IMSI%	N/A
IMEI - %IMEI%	N/A
ICCID - %ICCID%	N/A
HOSTNAME - %HOSTNAME%	Passed
Folder exposed to 3rd party apps - %EXPOSED%	N/A
ESN - %ESN%	N/A
ENROLLEDUSER_USERNAME - %ENROLLEDUSER_USERNAME%	Passed
ENROLLEDUSER_UPN - %ENROLLEDUSER_UPN%	Passed
ENROLLEDUSER_EMAIL - %ENROLLEDUSER_EMAIL%	Passed
ENROLLEDUSER_DOMAIN - %ENROLLEDUSER_DOMAIN%	Passed
DSLIST - %MCDSLIST%	Passed
DEVICENAME - %DEVICENAME%	Passed
Deployment Server List - %MCDSLIST%	Passed
APPDATA - %APPDATA%	Passed
Messaging and Scripting	

SMS	N/A
Queue Message for Delivery to Offline Devices	Passed
Platform Notification Service Messaging/Scripting	Passed
MobiControl Messaging/Scripting	Passed
Packages	
Packages Pushed Past Scheduling Time	Passed
Packages Pushed on UTC Time	Passed
Packages Pushed on Update Schedule	Passed
Packages Pushed on Device Time	Passed
Packages Pushed Future Scheduling Time	Passed
Packages are Removed if Rule is not Applied or Removed	Passed
Package Dependency	Passed
Multiple Profiles with Packages Installation	Passed
Multiple Packages Installation with Both Install Package Date and Time Window	Passed
Multiple Packages Installation in a Repeated Time Window	Passed
Download all Packages Immediately	Passed
Deploy package to a destination folder on the device (specified while creating package)	Passed
"Deploy packages with v2 header: 1) Large sized packages (e.g. size is several hundred MBs) 2) Packages with a large number of files (e.g. 500 - 1000 files)"	Passed
"Deploy Package on device (created with Package Studio for Android platform only) a) Package to Add Folder(which contains files and nested folders with files) b) Package to Add Files"	Passed
Profiles	
Profiles Being Removed	Passed
Profiles Being Pushed	Passed
Phone Call Control	
White-list Number on Hold when Receiving from Blacklist	N/A
Receive Calls from White-list Using Wildcards	N/A
Receive Calls from White-list	N/A
Calling with Whitelist Number when Receiving from Blacklist Priviate Number	N/A
Calling with White-list number when Receiving from Blacklist	N/A
Block Outgoing Calls with Private Number	N/A
Block Outgoing Calls Using Wildcards	N/A
Block Outgoing Calls	N/A
Block Incoming Calls with Private Number	N/A
Block Incoming Calls Using Wildcards	N/A
Block Incoming Calls	N/A
Allow Outgoing Calls with Private Number	N/A
Allow Incoming Calls with Private Number	N/A
Remote Control - RC	
Skin	Passed
Remote Control Settings	Passed
Remote Control - Legacy	Passed
Remote Control - HTML5	Passed
Speed Lockdown	
While Switching Between Lockdown Templates, Move Device to Group with Package Profile Assigned	Passed
While Switching Between Lockdown Templates, Move Device to Group Where DFC Applied	Passed
While Switching Between Lockdown Templates, Move Device to Clean Group/Folder	Passed
Speed Lockdown Applied	Passed
Lockdown Templates Switching Accordingly with Changing Speed Bage	Passed
Lockdown Templates Switching Accordingly	Passed
Enter and Exit Admin Mode While Speed Lockdown Applied	Passed
Application Remains in Foreground while Switching Between Lockdown-Templates	Passed
Telecom Expense Management - TEM	
Data Log (Soft) per Application	N/A
Data Log (Soft & Hard Threshold) per Application	N/A
Call Log (Soft & Hard Threshold)	N/A
Time Synchronization	
Time Settings EST	Passed
Server Time	Passed
Hawaii Time	Passed
Un-Enrollment	
Un-enrollment from Console Side	Passed
Un-enrollment from Agent Side	Passed
Un-enrollment - Agent Settings	Passed
VPN	
PPTP	N/A
NetMotion VPN with Certificate	Passed
NetMotion VPN	Passed
L2TP	N/A
IPSec (Xauth PSK, Xauth RSA, Hybrid RSA)	N/A
F5 SSLVPN with Certificate	Passed
F5 SSL	Passed
F5 Per App VPN with Certificate	Passed
F5 Per App VPN	Passed
Wifi	
WPA/WPA2	Passed
Wifi Proxy (via script)	Passed
Wifi PAC URL (via script)	Passed

WEP	Passed
Enterprise Wifi Using Certificates	N/A
Wifi Hotspot	
Verify disable of WiFi Hotspot wrt DFC	Passed
Removal of WiFi Hotspot when relocating device	Passed
Configure WiFi Hotspot with macros (Open, WPA, WPA2)	Passed
Configure WiFi Hotspot (Open, WPA, WPA2)	Passed
# Feature Summary	
Wifi Hotspot	Passed
Wifi	Passed
VPN	Passed
Un-enrollment	Passed
Time Synchronization	Passed
Telecom Expense Management - TEM	N/A
Speed Lockdown	Passed
Remote Control - RC	Passed
Profiles	Passed
Phone Call Control	N/A
Packages	Passed
Messaging and Scripting	Passed
Macros Support	Passed
Lockdown	Passed
File Sync - Upload	Passed
File Sync - Download	Passed
File Encryption	N/A
Enrollment	Passed
Emails Control and Configurations	N/A
Doze Mode	N/A
Deviec Out of Contact	Passed
Device Relocation	Passed
Device Location	Passed
Device Feature Control - DFC	Passed
Device Applications Run Control	Passed
Device Action's Options	Passed
Data Collection	Passed
Custom data	Passed
Custom Attributes	Passed
Content Library	Passed
Certificates	Passed
Bookmark	N/A
Application Run Control	Passed
Application Catalog	Passed
APN	N/A
Antivirus	Passed
Agent Upgrading	Passed
Agent Support Information Tab	Passed
Agent persistency	N/A
Agent Connection Settings	Passed
