## Transition Notice: Elo Edge Connect™ Status Light & 1D Barcode Scanner

### Product Information

As part of a major upgrade to the Elo Edge Connect peripherals, the Status Light and 1D Barcode Scanner are being discontinued and replaced with upgraded models. The new Elo Edge Connect Status Light offers an extended range of LED colors configuration mixed by red, green and blue as well as compatibility with more Elo products. The new Elo Edge Connect Barcode Scanners offer 1D and 2D symbologies scan capability, enhanced OCR, scan distance, viewing angel and resolution. While we work to minimize product changes, they are needed from time to time. When this occurs, we try to offer a suitable replacement product with equal or better specifications.

### Last Time Buy & Last Time Ship

- Please note, the remaining inventory will be managed on a first-come, first-served basis. We will work closely with existing customers to navigate this transition.
- Last time buy orders will be accepted through **January 31<sup>st</sup>, 2022** with last time ship to be completed by **April 30<sup>th</sup>, 2022**.
- Please consult with your sales representative for specific part numbers and details.
- Recommended replacement part may not be electrically and mechanically identical to the discontinued product.

### Obsolete & Replacement Part Numbers

Obsolete Part Number	Obsolete Marketing Description	Replacement Part Number	Replacement Marketing Description
