Transition Notice: Elo Edge Connect™ Conference Camera

Product Information

Please be advised that the Elo Edge Connect Conference camera is being discontinued and will be replaced by the next gen Elo Conference camera announcing January 2023. While we work to minimize product changes, product refreshes are needed from time to time to keep the product current with new technology and features. When this occurs, we try to offer a suitable replacement product with equal or better specifications.

Designed for conference and huddle rooms, the new Elo Conference camera delivers 4K/UHD video with wide viewing angles, an integrated microphone and adjustable positioning to cover most seating configurations. Simply attach the camera to your interactive display, connect to your compute device, add your software and you're ready to start your meeting.

Key New Product Features:

- Higher Resolution: UHD/4K Resolution (4k@30fps/25fps)
- Additional Video Formats: H.264, NV12
- Wider diagonal FOV: 110 degrees
- ePTZ (Pan/Tilt/Zoom)
- 90 degree mechanical tilt
- Built-in light compensation
- Remote control (included)

Inventory and Last Time Buy

- Please note, Elo inventory for the Elo Edge Connect Conference camera will be available on a first-come first-served basis.
- Please check with your distribution partner(s) for their current inventory levels.
- Replacement product is expected to be available in February 2023.
- Recommended replacement part(s) may not be electrically or mechanically identical to the discontinued product.
