## Transition Notice: 1509L IntelliTouch® (SAW) Touchscreen Monitor

### Product Information

Please be advised that the 1509L IntelliTouch® (SAW) touchscreen monitor is being discontinued and transitioned to the new 1509L TouchPro® PCAP model announcing later this year. The new PCAP model will offer the same optical clarity with more features such as HDMI functionality. Elo's robust TouchPro PCAP touchscreens outperform SAW with highly sensitive multi-touch and minimize the impact of surface contaminants. While we work to minimize product changes, product refreshes are needed from time to time to keep the product current with new technology and features. When this occurs, we try to offer a suitable replacement product with equal or better specifications.

### Inventory and Last Time Order

- Elo will accept orders through May 26<sup>th</sup>, 2023 with last time shipping to be confirmed based on lead-times and customer request dates.
- Please consult with your sales representative for specific part numbers and details.
- Recommended replacement part may not be electrically or mechanically identical to the discontinued product.

### Part Numbers
