Transition Notice: I-Series 2 with ChromeOS Flex

Product Information

Please be advised that the I-Series 2 with ChromeOS Flex interactive displays are being discontinued and replaced with the new I-Series 3 ChromeOS Flex lineup. The I-Series 3 brings improvements in IP ratings, reduced operational costs, and enhanced connectivity, facilitating a smoother transition for partners.

While we work to minimize product transitions, they are needed from time to time. This realignment is driven by key component life cycles and global trade dynamics and will ensure the long-term sustainability of the x86 platform.
