Product Management Bulletin

Number: 000-807

## Transition Notice: 1002L, 1302L & 1502L Touchscreen Monitors

### Product Information

Please be advised that 1002L, 1302L, and select 1502L touchscreen monitors are being discontinued and replaced with the newly released 04L models, including the 1004L, 1304L and 1504L. The 04L touchmonitors deliver clean design aesthetics, enhanced durability, and brilliant display clarity. With state-of-the-art optical bonding and IP54-sealed design, the monitors offer a feature-rich platform and the versatility to extend across a diverse range of applications from point-of-sale, self-service and kitchen display systems to warehouse automation, access control and HMI. While we work to minimize product changes, product refreshes are needed from time to time to keep the product current with new technology and features. When this occurs, we try to offer a suitable replacement product with equal or better specifications.

### Inventory and Ordering Information

- Last time buy orders will be accepted through **December 26<sup>th</sup>, 2025** with last time ship to be completed by **June 30<sup>th</sup>, 2026**.
- Please consult with your sales representative for specific part numbers, details and sample availability.
- The recommended replacement part may not be electrically or mechanically identical to the discontinued product.
