Product Management Bulletin  
 Number: 000-818

## Transition Notice: 15.6-inch EloPOS Systems

### Product Information

Please be advised that select models of the EloPOS 15.6-inch with Intel product line are being discontinued and transitioned to the new I-Series 3 with Intel. While we work to minimize product transitions, they are needed from time to time in order to provide our customers with the latest hardware and software technologies. This transition is required due to the discontinuation of DDR4 memory and the Intel vPro Wi-Fi module, which impacts our ability to maintain support customer compute and digital signage requirements.

The new I-Series 3 with Intel maintains the same form factor while delivering enhanced performance and extended platform capabilities. Key improvements include 256GB SSD on OS-configured models, dual-boot support for Windows 11 and Windows 10 operating systems, enhanced connectivity, IP54/IP65-rated configurations and a lower total cost of ownership over the product lifecycle.

### Inventory and Ordering Information

- Remaining inventory will be available on a first-come, first-served basis.
- Last time buy orders will be accepted through **April 30, 2026** with last time ship by **July 31, 2026**.
- Please check with your distribution partner(s) for their current inventory levels.
