## Product Notice: M51 Mobile Computer

### Product Information

Please be advised that the Elo M51 mobile computer is being discontinued due to manufacturing constraints related to RAM and storage availability. While we make every effort to minimize product changes, they are needed from time to time. Customers currently using the Elo M51 should evaluate the newly launched Zebra TC501 as a recommended alternative for future deployments.

### Inventory and Ordering Information

- Remaining inventory will be available on a first-come, first-served basis.
- Due to severe market constraints of RAM and storage, no last time buy will be available for the M51.
- Please check with your distribution partner(s) for their current inventory levels.

### Part Numbers

| Obsolete Part Number | Obsolete Marketing Description                                                                                                                                                                                                                            |
